

District Wellness Policy for Nutrition, Physical Activity, and Tobacco

The Snyder School District recognizes the relationship between academic achievement and student health and wellness. This policy reflects the District's Board of Education's commitment to removing health-related barriers to learning by establishing health policy, health promotion and health education. The board values school-based activities designed to provide students with a school environment that supports and promotes wellness, healthy eating and an active lifestyle. The board recognizes the District role as part of the larger community, to model and actively practice the promotion of family health, physical activity, and good nutrition.

Nutrition

The District will make nutritious foods available on campus during the school day to promote student and staff health. At a minimum, the District Child Nutrition Program will serve reimbursable meals that meet United States Department of Agriculture (USDA's) requirements as well as follow principles of the Dietary Guidelines for Americans.

- The Child Nutrition Program will serve the following: food high in fiber, free of added trans-fat, low in added fats, sugar, and sodium, respectful of cultural diversity and served in appropriate portion sizes consistent with the USDA standards.
- Child Nutrition Programs are accessible to all children. Students will be encouraged to start each day with a healthy breakfast.
- Meals served through the Child Nutrition Programs will: Be appealing and attractive to children of various ages and diverse backgrounds, be served in a clean, safe, and pleasant setting.
- The Child Nutrition Program will pursue partnerships with local/regional farms, if available, to facilitate a Farm-to-School program. Meals served within the federally reimbursable meal program will be designed to feature fresh fruits and vegetables from local sources to the greatest extent possible.
- Child Nutrition staff will be engaged in wellness activities and educational opportunities that support healthy eating behavior and food safety.
- Annual training is provided to Child Nutrition Staff on basic nutrition, nutrition education, safe food preparation and nutrition standards for preparing healthy meals.
- Training and support are provided to enable Child Nutrition Staff to become full partners in providing excellent food to our students.
- Safe, unflavored, cool drinking water will be provided at no charge throughout the school day. Only low or non-fat varieties of milk will be allowed. Juice will be 100 % juice with no added caloric sweeteners.
- Students will be allowed adequate time to consume meals, at least 10 minutes for breakfast and 20 minutes for lunch from the time they are seated. Recess before lunch will be encouraged to the greatest extent possible for the purpose of reducing food waste.
- Students are provided only healthy food and beverage options for food beyond the school food services (vending machines, school stores, and food/beverages for snacks and celebrations).
- Food, beverages, and candy will not be used to reward or punish academic performance or student behavior.

Nutrition Education

The goal of nutrition education is to facilitate the adoption of healthy eating and other health-promoting nutrition-related behaviors. Nutrition education occurs in the classroom as well as in the larger school community.

- Nutrition education will be provided in all grades and will be integrated into core curriculum. In the classroom, it is included in the scope and sequence in core subjects, such as math, science, language arts, social sciences, and elective subjects.
- Nutrition education will teach students the knowledge and skills necessary to adopt healthy eating and regular physical activity as part of their lifestyle.
- Nutrition education is coordinated with child nutrition services to reinforce messages on healthy eating. The school cafeteria environment allows students to apply critical thinking skills taught in the classroom.
- Nutrition resources that include learning opportunities which enhance health will be made available for staff.
- Nutrition education and healthy eating behaviors are promoted to families and the community through communications with parents, educational workshops, homework materials, screening services, and health-related exhibitions and fairs.

Nutrition Guidelines and Standards for Foods and Beverages Outside of School Meal Programs (Competitive Foods)

- Students will be provided only healthy food and beverage options in vending machines, school stores, and food/beverages for snacks, classroom birthdays, parties and celebrations. These foods and beverages will meet the following standards:
 - Whole foods: Fruits, vegetables, whole grains, and related combination products (contain a total of ≥ 1 serving fruits, vegetables, and/or whole grains), or nonfat/low-fat dairy
 - Snack foods offered to high-school students in after-school settings and activities are not required to meet this standard.
 - Foods low in calories:
 - Snacks are ≤ 200 calories per portion as packaged and
 - Entrée items are < 350 calories per portion as served and do not exceed calorie limits on comparable National School Lunch Program (NSLP) items
 - Foods low in fat- Snacks, foods, and beverages will meet the following criteria for dietary fat per portion as packaged:
 - No more than 35% of total calories from fat
 - Exceptions to the standard are:
 - Nuts and seeds: fat content will not count against the total fat content of the product
 - Less than 10% of total calories from saturated fats
 - Zero trans-fat ($< 0.5\text{g}$ per serving)
 - Foods low in added sugar:
 - Snacks, foods, and beverages provide $\leq 35\%$ of calories from total sugars per portion as packaged

- Exceptions to the standard are:
 - Fruits and vegetables in all forms as well as their juices (100%) without added sugars
 - < 8 fl oz. portion as packaged for elementary school
 - < 12 fl oz. for middle/high school
 - Unflavored and flavored nonfat and low-fat milk
 - < 8 fl oz. portion for elementary school
 - < 12 fl oz. portion for middle/high school
 - Flavored nonfat and low-fat yogurt (≤ 30g of total sugars per 8-oz. serving)
 - Foods low in Sodium:
 - Snacks have ≤ 200mg sodium per portion as packaged or have ≤ 480mg per entrée portion as served
 - Caffeine-free foods and beverages:
 - An exception is naturally occurring trace amounts of caffeine
 - Water without flavoring, additives, or carbonation
 - Plain, potable water is available at all times for free
- **High School only after-school hours
 - At least 50% of available beverage choices must meet the criteria above
 - The remaining available beverage choices must follow the criteria below:
 - Sugar-free, made with nonnutritive sweeteners or <5 calories per portion as packaged
 - Caffeine-free
 - Not vitamin- or nutrient-fortified (includes but not limited to vitamin waters, energy drinks, sports drinks)
 - With or without carbonation or flavoring
- Examples of Foods and Beverages that Meet Criteria Include:
 - Individual fruits-apples, pears, oranges
 - Fruit cups packed in juice or water
 - Vegetables-baby carrots, broccoli
 - Dried or dehydrated fruits-raisins, apricots, cherries
 - Low-fat, low-salt, whole grain crackers or chips
 - Whole grain, low sugar cereals
 - 100% whole grain mini bagels
 - 8-oz servings of low-fat, fruit-flavored yogurt with ≤30g of total sugars
 - Low sodium, whole grain bars containing sunflower seeds, almonds, peanuts or walnuts
 - Unflavored nonfat and low-fat milk
 - Flavored nonfat and low-fat milk (≤ 22g of total sugars per 8-oz. portion)
 - 100% fruit juice or low-sodium 100% vegetable juice
 - 8-oz servings of low-fat or nonfat chocolate or strawberry milk with ≤22g of total sugars

Physical Activity

The District recognizes the importance of physical activity and physical education in promoting health and academic achievement, and is an important part of a student’s comprehensive, well-rounded education program that will positively impact life-long health and well-being. The District supports quality physical activity throughout the school day.

- Students will be given opportunities for physical activity during the school day by integrating physical activity into the academic curriculum.
- Teachers and other school personnel will not use physical activity as a punishment or withhold opportunities for physical activity (withholding recess or PE) as a punishment.
- Teachers and other school personnel are encouraged to use physical activity opportunities as rewards such as extra recess.
- Students participating in Physical Education will be moderately to vigorously active for more than 50% of PE class time.
- Availability of proper equipment and facilities that meet safety standards are required.
- Elementary students will participate in 150 minutes of Physical Activity per week. Activity will be through a minimum of 20 minutes of daily recess, daily physical activity integrated in the school day and Physical Education time.
- Only medical waivers/exemptions from participation in physical education will be accepted.
- The District will provide opportunities for participation in a broad range of competitive and noncompetitive physical activities for students of all abilities that help to develop the skills needed to participate in lifetime physical activities
- District schools will have a walk or bike to school initiative. Schools should engage parents in organizing adult supervised groups to facilitate safe walking and biking.
- Training for teachers on integrating physical activity into the curriculum will be provided.

Access to Facilities for Physical Activity after School Hours

District policy allows Shared Use Agreements opening school grounds and/or buildings to students, their families and the community for access to physical activity outside the school day.

Fundraising

School fundraising activities that include the sale of healthy foods, beverages and non-food items is a public demonstration of the school's commitment to promoting healthy behaviors among students, families and the communities at large, while helping clubs, groups or organizations meet their financial needs. Healthy food and beverage criteria are outlined within this policy under Nutrition Guidelines and Standards for Other Foods and Beverages Outside of School Meal Programs and will be applied to fundraising items.

- All fundraisers sponsored by the school will be supportive of healthy eating.
- Fundraising activities, including activities run by clubs, groups and organizations, will support children's health and reinforce positive nutrition behaviors.

- Our district only permits health-promoting fundraising efforts such as healthy foods and beverage options, non-food items, physical activity-related options, or community service options.

School Gardens

The District supports the incorporation of school gardens into the standards based curriculum as a hands-on, interdisciplinary teaching tool to increase knowledge and influence student food choices and lifelong eating habits.

The District will:

1. Allow school gardens on District property, and dedicate resources (i.e. land, water, containers, raised beds, etc.) to fully implement school gardens.
- OR
2. Actively participate in community gardens by dedicating the same resources as would be required for gardens on District property (i.e. land, water, containers, raised beds, etc.).

The District will support the sustainability of school/community gardens through activities that could include: fundraising, solicitation of community donations, and the use of existing resources.

Coordinated School Health

The District will adopt the Coordinated School Health Framework that is recommended by the Centers for Disease Control and Prevention (CDC) for planning and coordinating school health activities. This model will help create a school environment that conveys consistent messages and is conducive to healthy eating, physical activity, and wellness for all staff, students and their families.

The Coordinated School Health Program encourages schools to complete the School Health Index (SHI) and includes the following eight components: Health Education; Physical Education; Health Services; Nutrition Services; Counseling, Psychological and Social Services; Healthy and Safe School Environment; Health Promotion for Staff; and Family and Community Involvement.

- The established Healthy and Fit Advisory Committee will be tasked with completing a minimum of two modules of the SHI per school year.
- Students will be involved in planning for a healthy school environment. Students will be asked for input and feedback through the use of student surveys, student committees, and school clubs.
- The District will implement Health Education Curriculum for all grade levels that follow national Health Education Standards, Priority Academic Student Skills (PASS) Requirements, or Common Core Standards when available.

Safe & Healthy Fit Advisory Committee

The District Superintendent or Designee will ensure the formation of a Safe and Healthy Fit Advisory Committee at each school site and confirm compliance of the wellness policy based on input from all district schools.

- The Healthy and Fit Advisory Committees will be encouraged to establish a regular meeting schedule (a minimum of quarterly meetings).

Staff Wellness

The District values the health and well-being of staff members and students. In order to be role models for students, District staff will be expected to display healthful eating and physical activity choices to the students.

Community/Family Involvement

The District recognizes that parents and guardians have a primary and fundamental role in promoting and protecting their children's health and well-being. The District supports parents' efforts to provide a healthy diet and daily physical activity for their children. The District encourages parents to provide healthy lunches and snacks and to refrain from including beverages and foods that do not meet good nutrition standards for foods and beverages. The schools will further promote family and community involvement through various school activities and functions. Information regarding school activities can be disseminated in the community.

Marketing of food and/or beverages

School-based marketing should be consistent with nutrition education and health promotion. School-based marketing of brands promoting predominantly low-nutrition foods and beverages is prohibited. The promotion of healthy foods, including fruits, vegetables, whole grains and low-fat dairy products is encouraged.

Additional School Services

In an effort to fully promote a healthy and safe environment, school staff will be trained in a variety of topics, including school violence prevention and child abuse. If a student is in need of counseling, psychological, or social services, the students will be referred to the appropriate professionals to address such needs. Additionally, if a student has a medical need, the services can be provided through the school nurse or designee as appropriate. However, the parents will be contacted, and if necessary, the student referred to a medical professional. The school may also provide periodic information to parents regarding issues such as bullying and school safety.

Monitoring and Evaluation

An assessment of the District's Wellness Policy will be completed annually to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, a

wellness committee will review nutrition and physical activity policies; provision of the environment that supports healthy eating and physical activity; and nutrition and physical education policies and program elements. The District will seek input from stakeholders on the development and seek recommendations based on: new techniques, proven strategies, and guidelines which reflect emerging scientific knowledge relevant to the health of students and staff.

Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the general public will participate in the development, implementation, and periodic review and update of the District wellness policy.

The District will annually measure and make available to the public an assessment on the implementation of the District wellness policy, including:

- The extent to which schools under the jurisdiction of the District are in compliance with the District wellness policy
- The extent to which the wellness policy of the District compares to model local school wellness policies
- Progress made in attaining the goals of the District wellness policy

24/7 Tobacco Free

The District understands the concern of parents, educators, students, and community members regarding the adverse effects of tobacco and second hand smoke. We want to provide a safe and healthy environment for our students, staff, and community and set the proper example for our students. Therefore, tobacco in any form will not be used by anyone, anywhere, anytime (including non-school hours and days) on school grounds, property, vehicles and during any school sponsored functions held off campus.

This policy is intended to improve the health and safety of all individuals using the schools.

“Tobacco” is defined as cigarettes, cigars, pipe tobacco, snuff, chewing tobacco and all other kinds and forms of tobacco prepared in such a manner to be suitable for chewing, smoking, or both, and include, e-cigarettes/vaping or any other product packaged for smoking or the simulation of smoking.

This regulation applies to employees of the school district, students, and visitors. This regulation also applies to all public school functions (ballgames, concerts, etc.) and any outside agency using the district’s facilities, including stadiums. This regulation is in effect 24 hours per day, seven days per week.

Enforcement

The success of this regulation will depend upon the thoughtfulness, consideration and cooperation of tobacco users and non-users. All individuals on school premises share in the responsibility for adhering to and enforcing this regulation. All students will receive instruction on avoiding tobacco use. Ultimately, each site administrator will take appropriate steps to enforce the regulation.

Students - Any violation of this policy by students will be referred to the site administrator. Site administrators shall inform both students and parents that failure to comply with the policy may result in confiscation of paraphernalia and/or suspension from classes and school activities.

Employees - Any violation of this policy by staff will be referred to the appropriate supervisor. Continued violations will constitute willful neglect of duty and will be dealt with accordingly based on established policies and procedures for suspension, demotion, dismissal, and non-renewal of employee.

Visitors and General Public – Visitors who are observed smoking or using tobacco products on school district property will be asked to refrain from smoking or using tobacco on school property. If the individual fails to comply with the request, such violation of policy may be referred to the site administrator or other school district supervisory personnel responsible for the area or program during which the violation occurred. The site administrator or supervisor shall make a decision on further action that may include a directive to leave school property. Repeated violations may result in a recommendation to the Superintendent to prohibit the individual from entering school district property for a specified period of time. If deemed necessary by the school administration, local law enforcement officials may be called upon to assist with enforcement of this policy with regard to removal of violators of this policy.

In addition, the District will not accept donations of gifts, money, or materials from the tobacco industry. This District will not participate in any type of services that are funded by the tobacco industry.
